SOLAR CERAMIC

High Build Exterior Finish System

Solar Ceramic FLAT EXTERIOR FINISH

220 Series: Solar Ceramic Flat is our best exterior Flat finish. Designed for exterior wood, brick, masonry, and primed metal surfaces. Contains 100% acrylic latex resin and ceramic microspheres, which allow for maximum durability, protection against sun damage and superior adhesion. Can be applied at temperatures down to 35°F which allows professionals to extend the painting season. Solar Ceramic has excellent early moisture resistance which all but eliminates surfactant leaching. The benefits of Solar Ceramic include excellent color retention, superior adhesion, high film build and a Limited Lifetime Warranty.
